The proposed land use (Crane Service Business), as described in the application letter (attached hereto) can be regarded as an '*Industry-Service*' land use in terms of TPS 3.

An '*Industry-Service*' land use is an 'AA' use in terms of Table 1 – Zoning Table in TPS 3, which means that Council may, at its discretion, permit the use.

An '*Industry-Service*' land use is defined as follows in TPS 3:

'Industry-Service: means a light industry carried out on land or in buildings which may have a retail shop front and from which goods manufactured on the premises may be sold; or land and buildings having a retail shop front and used as a depot for receiving goods to be serviced.'

Comment:

The proposed land use can be regarded to some extent as being a continuation of the already established *light-industry* land use on the subject land. The proposal is also regarded as generally being in pace with the Commercial Zone and the planning intent for the precinct. The proposal will aid in the further diversification of the local economy and will therefore be recommended for approval.

10.07.16.02 DEVELOPMENT APPLICATION – POP-UP STALL FOR FRESH FLOWERS & VEGETABLES, PART LOT 143 (RESERVE 10325) ROBINSON ROAD – OLD RAILWAY STATION, BROOKTON

AUTHORS NAME AND POSITION: Stefan de Beer
Shire Planner

NAME OF APPLICANT/RESPONDENT: Caitlyn Hartl

DATE REPORT WRITTEN: 7 July 2016

DISCLOSURE OF INTEREST: The author has no financial interest in this matter

PREVIOUS MEETING REFERENCE: There is no previous meeting reference

SUMMARY:

An application has been received to sell fresh flowers and vegetables from a pop-up stall in front of the Railway Station building on Robinson Road. It will be recommended the application be approved.

Background:

It is proposed to utilise a part of the lawn area in front of the Brookton Railway Station building to sell fresh flowers and vegetables from a pop-up stall.

Details:

The subject site is located at 104 (lot 143 – Reserve 10325) Robinson Road and contains the Brookton Railway Station Building, associated landscaping and elements of the Robinson Road redevelopment project.

As described in the application letter submitted, the intent is to have a pop-up stall (3m x 3m canopy) from which will be sold locally grown fresh flowers and vegetables, at intervals varying from initially once a fortnight to possibly once a week.

Comment:

The subject land is located within a Reserve designated for 'Railway' purposes.

The Shire of Brookton Town Planning Scheme No. 3 (TPS 3) pursuant to Section 2.3 directs as follows:-

'Where an application for planning approval is made with respect to land within a local reserve, the Council shall have regard to the ultimate purpose intended for the reserve and the Council shall in the case of land reserved for the purposes of a public authority confer with that authority before granting its approval.'

As a result of the limited scale of the proposal it was not deemed required to liaise with the Public Transport Authority through Brookfield Rail regarding this application.

From a planning & land use perspective Shire staff would argue that the intended limited and essentially temporary land use at this locality is deemed to be compatible with the planning intent for the precinct.

The proposed use would add activity to an otherwise economic dormant area and would ideally create spin-offs for the surrounding businesses. This feeds into the broader narrative of the Robinson Road Streetscape Project which aims to bring more people and activity into the town centre.

Although not an issue that should be taken into consideration when determining an application for planning approval, no adverse effects are anticipated in relation to existing businesses in the main street possibly selling similar products.

Given the above it will be recommended the application be approved.

Consultation:

No consultation was deemed required.

Statutory Environment:

The application may be approved at Council's discretion under the Shire of Brookton's Town Planning Scheme No. 3.

Conditions:

1. If the development, the subject of this approval, is not SUBSTANTIALLY COMMENCED within a period of 2 years from the date of this approval being granted, the approval shall lapse and be of no further effect. Where an approval has lapsed, no development shall be carried out without the further approval of the responsible authority having first been sought and obtained.
2. Development shall be carried out only in accordance with the terms of the application as approved herein and any approved plan submitted by the applicant and endorsed by the Shire Planner.
3. The sale of products from the stall shall be limited to one day per week only.
4. Products sold from the stall shall be limited to flowers and vegetables.
5. Temporary signage associated with the stall (if applicable) shall be maintained in good order and condition at all times.

Jelcobine Farms
PO Box 107
Brookton 6306

To Whom It May Concern,

My Husband and I are the owners of Jelcobine Farms on Hillcroft Rd in Jelcobine. We produce seasonal vegetables and cut flowers. Our produce includes brassicas, melons, herbs, sweetcorn, zucchini and fresh cut flowers including sunflowers, tuberoses and cornflowers. Other seasonal produce and flowers are also be available throughout the year.

We would like sell from a pop up market style stall in Robinson Rd, on the grassed area in front of the railway platform. It would consist of a 3m x 3m canopy and two tables to place the produce on. We would like to begin on a fortnightly basis one afternoon or morning a fortnight. If we have a positive response we would increase to once a week.

Due to the new roadworks in the main street, there is adequate parking and access around the area.

We appreciate that there are other businesses in town which do offer vegetables but we would like to offer the local community fresh locally grown produce direct from the grower.

I am also a trained florist and would like to start offering my services within the community using this stall as a platform selling fresh flower bouquets and arrangements.

We look forward to your response and hope that we can begin to supply our local community.

NAME OF APPLICANT/RESPONDENT: Shire of Brookton

DATE REPORT WRITTEN: 12 July 2016

PREVIOUS MEETING REFERENCE: Budget Workshop held 29 June 2016.

SUMMARY:

Adoption of the Budget for the 2016-17 financial year together with the supporting schedules, including the striking of rates and other consequential matters arising from the budget.

Background:

Council is required to prepare and adopt, in the manner and form prescribed, its Annual Budget by no later than 31 August each year, in accordance with Section 6.2 of the Local Government Act 1995.

Details:

The budget has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management Regulations) 1996* and Australian Accounting Standards.

Statutory and Legal Considerations:

The budget adoption requirements are covered in Section 6.2 of the *Local Government Act 1995*. In addition, Divisions 5 and 6 of the *Local Government Act 1995* refer to the setting of budgets and raising of rates and charges. The *Local Government (Financial Management) Regulations 1996* details the form and content of the budget.

Policy Considerations:

Council Policy 4.1: Budget Preparation – Where practical the Budget should be completed and adopted prior to 31 July and, if not practical, by 31 August in accordance with the provisions of the *Local Government Act 1995*.

Council Policy 4.9: Contiguous Rating.

Council Policy 4.14 – Rates Exemptions.

Consultation:

The budget has been prepared in consultation with all staff and a workshop budget session with Council.

Financial Implications:

Financial implications are detailed in the 2016-17 Annual Budget, as a separate attachment (12.07.16.03A) to this report.

Strategic Community Plan (2013-2023):

Strategy 5.3.4: *Develop, implement and review Integrated Planning Framework.*

Corporate Business Plan (2015-2019):

In preparing the 2016-17 Annual Budget consideration has been given to a four year time frame which has also been reviewed. This is consistent with the review framework outlined in the Corporate Business Plan and the Long Term Financial Plan.

Officers Comment:

The 2016-17 budget continues to deliver on strategies adopted by the council and maintains the required level of service across all programs while maintaining a focus on road and associated infrastructure as well as attempting to renew assets at sustainable levels. The main features of the draft budget include:

- A 7% increase in the revenue raised from rates. This proposed increase enables the shire to maintain its current level of services to the community, whilst also allowing the shire to carry out its proposed capital works program and transfer funds into reserve during 2016-17. This approach is also consistent with the Long Term Financial Plan.
- An 8% increase in sewerage charges. This will enable a transfer of \$5,000 of sewerage income into the Refuse Rehabilitation reserve.
- A 6% increase in fees and charges where council has the discretion and where it has been considered appropriate.
- Household and commercial rubbish collection charges have been increased by 7%. This reflects the increasing cost of recycling rubbish and maintaining the land fill site. This budgeted increase will allow the refuse services provided to continue to break even, with budgeted revenue \$171,913 (including refuse site rate) covering budgeted operating costs of \$171,697.
- A capital works programme totalling \$3,373,623 for investment in infrastructure, land and buildings, plant and equipment and furniture and equipment is planned. Expenditure on road infrastructure is a major component of this with \$1,166,600 to be invested in roads and associated assets in 2016-17. An amount of \$1,406,243 is provided for land and buildings of which \$780,000 is for the completion of two new houses as part of Council's housing development plan.
