Summary of Item:

This report outlines the annual report budget process leading to Councils adoption and striking for the rates and charges for the 2017-2018 financial year and other consequential matters arising from the Budget.

Description of Proposal:

Council is required to prepare and adopt, in the manner and form prescribed, an annual budget no later than 31 August each year, in accordance with Section 6.2 of the *Local Government Act 1995*.

The 2017-2018 Annual budget has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards.

Background:

The budget for the 2017-2018 Year continues to support service delivery for the Shire but also allows the Shire to plan and consolidate a number of key issues. There is a need in the 2017-2018 Budget to deliver on a number of key strategic reviews (as contained in the Integrated Planning Framework) and the development of a new sustainable house project and so on. At this stage the Shire has made budget allowances for these reviews to take place in this financial year that should have technically been accounted for in the 2016-2017 financial year. The reviews will also allow the Shire to plan for the future in a more systematic and fiscally responsible manner.

However, the 2017-2018 Annual Budget has also identified a number of key financial activities that require review. The Long Term Financial Plan (LTFP) requires review as the proposed rate increase has been set at 5% and not 7% as in the LFP. The review of the general ledger accounts also needs to occur as some of these have been created obsolete but an overall review of the accounts and the accounting process used at the Shire of Brookton requires review in the 2017-2018 financial year.

The main features of the 2017-2018 budget are:

- An increase in the revenue raised from rates of 5%. The proposed increase still enables the Shire to carry out its direct services to the community while still enabling the Shire to transfer some funds to reserves.

- A 4% increase in Sewerage charges. The Shire is aware that several State Government fees and charges have substantially increased (due to a State budget deficit) and it has been recognised that further imposts of significant fee increases will add to further financial stress for a number of Shire residents who are currently on the Shire sewerage scheme.
- A review of Fees and Charges has shown some disparity between the fees and charges. These have been reviewed and where the fees are Council controlled, the general fees increase has been about 6% overall. However, some fees and charges have remained the same or been reduced where it has been identified that the increase could potentially reduce existing number of participants or where it has been identified that the fee or charge was incorrectly applied.
- A capital works program for the 2017-2018 year has been reduced bearing in mind that in the 2016-2017 financial year, capital expenses for plant purchases was expended with the purchase of a new grader and a new CEO vehicle. The DCEO and Principal Works Supervisor vehicles and some plant replacement was deferred in the 2016-2017 years due to the policy review. It is anticipated that this plant will be replaced in the 2017-2018 financial year.
- The Reserves have also been reviewed and it is anticipated that the new sustainable house project will continue to progress throughout 2017-2018 with the funds for this coming from the Housing Reserve. The Housing Development plan will be further reviewed as part of the Councils Strategic Community Plan review. Other reserve funds have been increased in line with the principles of the LTFP.
- Overall the budget for the 2017-2018 financial year is reasonable and still provides for the essential services as required by a LG.

Following the review of the SCP, Council will be able to better understand the community aspirations and views and will be able to plan for the next two to four years.

In relation to budgeting, section 6.2 (1) of the Act states:

Relevant Plans and Policy:

Financial Implications:

Financial. Implication are detailed in the 2017-2018 Annual Budget, as a separate attachment to this report.

The risk of not adopting the 2017-2018 Annual Budget will mean that the Shire is non-compliance with the *Local Government Act 1995* and the Australian Accounting Standards.

It is not recommended this item be added to the Shire's Risk Register, nor that a Risk Treatment Plan be required.
